**E**SS ESS Bath Fittings is known for quality & variety. Whether you are looking for traditional or contemporary bath fittings and accessories, we offer creations to suit every taste, to inspire and transform the mood and personality of your bathroom. Fashioned to exacting standards using techniques perfected through the years, each and every bath fittings and accessory is created with our unyielding passion for understated beauty and design integrity.

ESS ESS understands you and your bathroom better, no wonder we are one of the leader in this industry. We believe in providing the best to our customers by developing a long term relationship with them. We never compromise on quality and variety. So when you have our bath fittings you can be stress free.

Latest Technology is one the vital reasons of the success of ESS ESS Bath Fittings. Like we have the Quarter Turn Fittings for our customers. Now you don't have to worry about the flow of water, because we present the quarter turn fittings. The internal cartridge of the mixer are fitted with specially designed ceramic disc having a diameter of 20mm to ensure full flow of water even on a normal pressure.

Spl. Col. Gold	Nile, Essential
All Gold. / M.G. Gold	Victorian, Nile, Essential

### WARRANTY AND CARE INSTRUCTIONS

- 10 years warranty against any manufacturing defect and one year warranty on surface, finishes and colour on producing warranty card or bill.
- We do not accept any liability for: damage caused by inappropriate or incorrect use, defective installation or commissioning by the customer or any third party, normal wear & tear, careless cleaning or failure to clean, improper treatment or maintenance, unsuitable cleaning agents or other chemical influences.
  - Care instructions: As a general rule, we recommend wiping the fitting dry with a soft cloth after each use. In the case of light dirt, it is sufficient to clean the fitting with soap & wet cloth.
  - Problems with deposits of dirt and lime scale in aerator and shower sieves are easy to rectify. Simply remove the aerator using the ESS aerator key, knock out the sieve insert and rinse through thoroughly with water. The shower sieves can be unscrewed and removed.
    - For intensive cleaning, we recommend immersing the sieves in water containing up to 10% vinegar at 20.
- After soaking for 2-5 hours, the sieves must be thoroughly rinsed with water.
- Please avoid using cleaning agents which contain hydrochloric acid, formic acid, acetic acid, phosphoric or chlorine bleaching substances. Also avoid abrasive cleaners and scouring pads.
- If these Care Instructions are not followed, warranty claims may be denied.

\*ESS has an ongoing policy of improvement, development & design & thus reserves the right to modify specifications & prices without any prior notice.

\*10 Years in residential & 7 Years in commercial settings.

\*The MRP of the products inside is w.e.f 1st Sep. 2013
